### News

- The new 2<sup>nd</sup> defibrillator has been fitted - adjacent to the club house front door. A link for a training video is available, <https://vimeo.com/557677120/e7524918c5> If this is insufficient, a short training session will be offered. So far approx. 5 senior members are interested in it. List is on the board.
- During these difficult course times (especially) members are requested to be helpful by filling in their divots – and also doing half a dozen more on their way round. It will benefit us all eventually!
- Do you want a VETERANS ONLY competition - in addition to the published list of comps? Vets form half of our Seniors membership and the suggestion is to have a comp for Vets only – either 9 or 18 holes within the one comp. Probably an AMAM with teams of your choice. Possibly a shotgun, and possibly some sandwiches after. There is a notice on the board asking if you are interested – and also asking if you are against the idea thinking perhaps that it is divisive since Vets can enter all regular comps. Lets have your views.
- There is still some comment about the state of the Whetstone flag. As previously stated, it WILL be replaced as the new season kicks in (early matches or Captains drive in).
